Nursery and Reception news

Topic

We will be making some tasty Gingerbread men and just in case they try to run away, the children will be set the challenge of making a trap to catch him! We will be finding out where ginger comes from, looking at ginger root and seeing if we can find the pot of ginger just by smelling.

Literacy and Maths

We are setting up a Baker's shop for the children to play in. The children will be writing prices for the food and using 1p coins to buy from the shop.

When you go to the shops you may like to show your child the prices written on labels and allow them to pay the shopkeeper.

In literacy we are learning the sounds oo and is cook and moon and the tricky words go and saw. We will be reading a recipe to make Gingerbread men. At home you may like to look at some recipe books together. We are also writing our own version of the Gingerbread man, pretending that he has escaped from our oven and thinking of the places he could run to and who he may meet!
