Internet Safety awareness

Dear Parents/ Carers,

As part of our ongoing internet safety awareness we would like to make you aware of the following apps that could be harmful to use.

What is Tellonym and Sarahah?

Tellonym and Sarahah are free apps that are readily available to download to smartphones and via desktop computers and laptops.

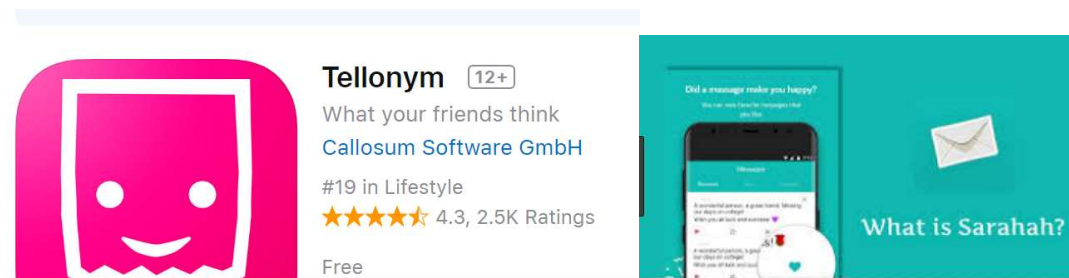

These apps allow your son/daughter to create a free account and then they are able to post questions for people within their network to answer.

An example of the questions being asked are 'What do people in Year 10 think about me?'

Other young people are then able to answer these questions completely anonymously and it cannot be traced back to them

We are increasingly concerned about the numbers of our young people that are using this site and the abuse they are leaving themselves open to as a result.

These sites are designed for over 18's only and we would encourage you to talk your child about the use of these apps and keeping themselves safe from abuse whilst online.

Yours sincerely,

Chris Mountford

Assistant Head

Headteacher: Mr Paul Slater
Assistant Headteacher: Miss Christine Mountford
