Dear Parents and Children

I am absolutely delighted to be writing to tell you all that our recent Ofsted inspection has resulted in our school being graded as 'Good'. To say that the staff and governor team are over the moon is an understatement and we would like to thank everyone for their support over the last 3 years, and the children for simply being wonderful ambassadors for all that we do at North Walney.

The full report is now attached and I would love you to read it and celebrate everything that it contains. Even the recommendations on page 2 are things the school are already aware of and are dealing with so there is nothing new for the school to be thinking about – except to keep things progressing well and to continue being a fabulous place for children to learn.

Usually when I write a letter to go out with a report, I take the time to highlight some of the statements from the inspection team. This time I simply cannot as the whole report is glowing and it is a credit to the hard work of the whole staff team. Many people have commented on the changes at our school over the last few years but none of these would have been possible without the amazing support of the staff and the governors and their belief in Miss Mountford and myself.

North Walney, without a doubt, is back on the map!

Please do share our report far and wide, and be proud to tell everyone about our school. If you have any questions about the report, then please do pop in and ask someone or email me at [head@northwalney.cumbria.sch.uk](mailto:head@northwalney.cumbria.sch.uk).

Once again, many thanks for your support over the years – Onwards and Upwards!

Paul

"Creative Learning, Quality Education, Achieving Dreams"

Ofsted 2019: 'This is a good school. Boys and girls respect difference and have good relationships with one another. They care about their local environment and want to be at school and are keen to study. Pupils and parents say that the school has been transformed. Children make good progress and teaching is good.'
